

Berlin, November 28, 2006

Press Release 11 / 2006

Double Strike, Beechcraft Berlin has received EASA Part-21 Design Organization Approval and FAA Repair Station Approval in November 2006

After 2 years of thorough work Beechcraft Berlin aviation GmbH is proud to announce that we have received both – the approval as EASA Part-21 Design Organization and FAA Repair Station – in November 2006. In addition to regular maintenance services according to our Part-145 approval, we are now able to provide our customers also with maintenance on US-registered airplanes and with the design of Minor and Major Changes / Repairs related to aircraft avionics, cabin and structure. With the allocated numbers:

- EASA.21J.231 (Design Organization)
- Z3VY292Y (FAA Repair-Station)

we have the capability to work on the following aircraft types:

- Piston aircraft up to 2.000 kg
- All Beechcraft Piston and Turboprops (incl. King Air's and 1900 C/D Airliner)
- Cessna 300/400 Series
- Beechcraft Premier I and IA
- Beechjet / Hawker 400XP
- Cessna 525 and 525A Citation Jet
- Cessna 500, 550/560 Series (coming soon)
- Cessna Caravan 208

Beechcraft Berlin aviation GmbH is appointed as "Raytheon Aircraft Company" Master Dealer for the East of Germany, the Baltic States, Russia and Kazakhstan. As an "Authorized Service Center" with Gold status we offer also comprehensive maintenance services for the above mentioned airplanes, right in the heart of the German capital.
