

## **Press-Release: Beechcraft Berlin und Spectrum Aeromed at the Dubai Airshow '03**

For the first time Beechcraft Berlin and Spectrum Aeromed participated in co-operation in an aircraft exhibition - the Dubai Airshow 2003, which took place from 07.12. till 11.12.03 at the Dubai International Airport.

During the show, Dr. Mubarak Al-Doub, Spectrum's medical consultant from Kuwait, and our Mr. Horst Heinicke were more than pleased to demonstrate the variety of ambulance solutions for airliners (Boeing, Airbus...), business aircraft (Beechcraft, Cessna, Lear...), as well as most of helicopters in today's use for ambulance missions.

A lot of important contacts could be made with different airlines, charter companies, government and military departments, oil support companies as well as local dealer organizations.

With the Kingdom of Bahrain a contract was signed for the complete aeromedical modification of two VIP-helicopters.

The exhibition, that was open for commercial visitors only, was distinguished by the perfect location and organization and last but not least framed by a very attractive programme to welcome people from all over the world.

A total of 550 exhibitors from 36 countries participated in the show, that ended with an confirmed order volume of more than 6 billion US\$.

Compared to previous shows the Dubai Airshow this year had a tremendous growth in all areas, and therefore it's no wonder that His Highness Sheikh Mohammed bin Rashid Al Maktoum, Crownprince of Dubai and Minister of Defence for the United Arab Emirates announced that the exhibition space will be doubled for the next event in 2005. Providently the construction work has already been ordered.
