Together within its Team, Beechcraft Berlin Aviation GmbH offers the whole range of attractive Beechcraft and Raytheon Aircraft Products in the above named territory:

Aircraft such as:

- **Hawker Horizon.**

The newest state-of-the-art product of Raytheon Aircraft. A modern medium size Biz Jet manufactured out of Composite Material reflects the demand of future aviation. Equipped with the newest Honeywell Pirmus EPIC Glass Cockpit, a very roomy and comfortable cabin this aircraft meets the demand of the new generation of low cost operation Biz Jet aircraft.

- Weight (incl. 2 pilots)	: 9,777 kg	21555 lbs
- Payload	: 803,68 kg	1.845 lbs
- Max cruise speed	: 896 km/hr	484 kts
- Number of passengers	: up to 9	
- Max range	: 5.740km	3100 nm
- Pressurized		

- **Hawker 800XP**

The most famous jet of Raytheon Aircraft Company. A unique combination of proven modern performance and large comfortable cabin makes this aircraft attractive for all Biz Jet operators, who want to be flexible.

- Weight (incl. 2 pilots)	: 7,371 kg	16.216 lbs
- Payload (at full fuel)	: 392 kg	900 lbs
- Max cruise speed	: 894 km/hr	447 kts
- Number of passengers	: up to 8	
- Max range	: 4.980 km;	2.490 nm
- Pressurized		

- **Hawker 400 XP N E W !!!**

The designator of the proven Beechjet 400A provides increased payload capability. Standard equipment including: TCAS II, engine reverse and emergency beacon. Five-year „tip to tail” warranty makes this aircraft very attractive:

- Empty Weight : 5,897 kg 13.000 lbs
- Payload : 930 kg 2,050 lbs
- Max cruise speed : 828 km/hr 447 kts
- Number of passengers : 7
- Max Range : 2884 KM 1,557 nm
- Pressurized

- **Beechcraft Premier I**

Truly the best small Business Jet in the market at all! The Premier I is the first Business Jet of its size which is manufactured out of composite materials. Since its introduction no other Jet in this class gives so many advantages in terms of high performance, comfort, state-of-the-art flight deck and economical operation as the Premier I. It is therefore no wonder that this aircraft simply fly's its competitors away.

- Empty Weight : 3.627 kg 7,996 lbs
- Payload : 2.084 kg 4,594 lbs
- Max cruise speed : 854 km/hr 461 kts
- Number of passengers : 6
- Max Range : 2759 KM 1,500 nm
- Pressurized

- **Beechcraft 1900D**

An effective aircraft for regional passenger flight services. Low fuel consumption and operating costs, excellent STOL performances connect every airfield through the world by using the 1.900 D Beech Airliner. This aircraft is also available as Executive or as Cargo Aircraft.

- Empty Weight : 4.831 kg, 10,650 lbs
- Payload : 2.908 kg 6,410 lbs
- Max cruise speed : 544 km/hr 272 kts
- Number of passengers : 19
- Max Range : 1.416 KM 708 nm
- Pressurized

- **Beechcraft King Air 350**

The largest turboprop airplane of the King Air family, having economy and operation effectiveness of lower models.

- Empty Weight : 4.373 kg 9.515 lbs
- Payload : 2.532 kg 5.582 lbs
- Max cruise speed : 583 km/hr 315 kts
- Number of passengers : 9
- Max Range : 3.387 км 1.829 nm
- Pressurized

- **Beechcraft King Air B 200**

The smaller sister ship of the King Air 350 is one of the most built Business Aircraft at all. Continuously modified, the King Air B200 is today one of quietest aircraft of it's class using modern Anti. Noise Systems to increase safety and comfort.

- Empty Weight : 3.819 kg, 8.420 lbs
- Payload : 1.891 kg 4.170 lbs
- Max cruise speed : 541 km/hr 292 kts
- Number of passengers : 8
- Max Range : 3.487 km 1.883 nm
- Pressurized

- **Beechcraft King Air C90B**

The best known and most reliable Turboprop of its class in the world. No other twin aircraft has such utility performances as the King Air! The C 90B reflects the latest version of continuous King Air development

- Empty Weight : 3.141 kg, 6.925 lbs
- Payload : 1.467 kg 3,235 lbs
- Max cruise speed : 457 km/hr 247 kt
- Number of passengers : 6
- Max Range : 2.434 км 1.314 nm
- Pressurized

- **Beechcraft Baron 58**

A leader in this class. The roomy cabin together with its powerful TCM Engines combines the luxury and utility of the Beech 36 with the safety of Twin Aircraft.

- Empty Weight : 1756 kg 3,871 lbs
- Payload : 750 kg 1,653 lbs
- Max cruise speed : 374 km/hr 202 kts
- Seat capacity : 6
- Max Range : 2.276 км 1.229 nm
- Non pressurized

- **Beechcraft Bonanza A36**

Still one of the best Single Engine Aircraft. The Beechcraft A 36 Bonanza is the result of more than 40 years of experiences. Excellent performance together with proven quality makes the A 36 to the best single Engine Piston Aircraft in the market. It has satisfied many large Flight Schools, such as Lufthansa Flight Training Center.

- Empty Weight	: 1.148 kg	2.531 lbs
- Payload:	: 513 kg	1,132 lbs
- Max cruise speed	: 326 km/hr	176 kts
- Seat capacity	: 6	
- Max Range	: 1619 km	874 nm
- Non-pressurized		

- **Beechcraft Bonanza B36 TC**

Equipped with the 300 HP TCM TSIO 520 UB engine is the Beechcraft Bonanza B 36 TC one of the fastest single engine aircraft at it's class. The larger wing span does identify the B 36 TC from the A 36.

- Empty Weight	: 1.1241 kg	2.737 lbs
- Payload:	: 512 kg	1,129 lbs
- Max cruise speed	: 370 km/hr	200 kts
- Seat capacity	: 6	
- Max Range	: 2.087 km	1.127 nm
- Non-pressurized		

Beechcraft Berlin Aviation GmbH is also the exclusive European Master Dealer of Spectrum Aeromed Ambulance Systems. This very compact Air Ambulance System can be installed into any cabin class aircraft and helicopter without any cabin modification. Equipped with an independent, vacuum, oxygen and inverter System it delivers all basic tools in one singular unit to support professional Ambulance Air Transport. Together with options available, this system is a real utility version for all kind of Ambulance Air Transport including Incubator Transport and Patient Loading Systems available for all aircraft types .

In combination with the reliable Short, Medium and Long Range Aircraft from Raytheon Aircraft, Beechcraft Berlin Aviation GmbH and its associates are in the position to provide attractive Air Ambulance equipment, which is in demand on the Russian Federation and the Baltic States.

In this regard, Beechcraft Berlin Aviation GmbH would like to invite to the MAKS 2003 Air Show, which will take place from August 19th to August 25th at Zhukovsky Airport near Moscow to experience the efforts of the Beechcraft Raytheon Aircraft Family. Beechcraft Hawker Russia displays the Raytheon Hawker 800 XP, Hawker 400 XP and the Beechcraft King Air 350.

Come and see us in Moscow.
